

7th International Conference on Gerontology & Geriatric Medicine

22nd - 23rd October 2026

Bali, Indonesia

Hybrid (Online & In-person)

Welcome to 7th International Conference on Gerontology & Geriatric Medicine

The 7th International Conference on Gerontology and Geriatrics Medicine, SilverAge 2026 will be held on 22nd – 23rd October 2026 in Bali, Indonesia.

Age is just a number in many instances, yet not just a number in some cases. Experiences, knowledge and specializations grow with age at the same time vulnerabilities, challenges and risks associated with life also increase. Following some hectic global health challenges resulting from the Covid 19 pandemic, the world is now reflecting upon those challenges associated with vulnerable groups of the population.

Hence the 7th International Conference on Gerontology and Geriatrics Medicine, SilverAge 2026 will be hosted by iConferences with the collaboration of the International Institute on Ageing United Nations - Malta, John Richards Centre for Rural Ageing Research, La Trobe University, Australia and Indian Academy of Geriatrics (IAG), India to assist these efforts.

Promising a memorable experience for all the participants, the SilverAge conference 2026 will be held as a hybrid conference at Bali, Indonesia on Bali, Indonesia. It is expected to take initiatives in commencing the continuous process of healthy ageing in order to optimize and improve the physical, mental, and social well-being of the elderly population and thereby enhance the quality of life. This will ensure a sustainable social structure that enables advancements of humankind in a more holistic approach.

Whether you join us in- person or online, we welcome you to be part of this inspiring and transformative experience.

We look forward to welcoming you to **Bali, Indonesia!**

Call for Papers

Conference Theme: **“Healthy Ageing for All: Innovation, Equity, and Integrated Geriatric Care.”**

As population ageing accelerates worldwide, the need for interdisciplinary collaboration in gerontology, geriatrics, public health, ageing policy, dementia care, and digital health innovation has never been more urgent.
